

Coach and Volunteer Education Funding Statement

To succeed in achieving our objectives as defined in the Club constitution, Helensburgh Amateur Swimming Club is totally reliant on the commitment of the volunteers who provide all the skills necessary to enable us to continue to operate.

To ensure sustainability, the Club is committed to actively encourage the recruitment of new volunteers and to provide funding for their training and ongoing development.

The Treasurer will ensure that there are sufficient funds available, in the annual budget, to fund the training resources deemed necessary for volunteers and coaches to fulfill their designated roles.

The Club will also actively promote Continuing Professional Development for volunteers and coaches and ensure funding is available for ongoing training.
